REPORT SABOTAGE IN YUGOSLAVIA

Leonid Baranov, president of the USSR Slav Committee, reports in Slavyanye of the fight of the Yugoslav people against the Tito clique. Recently, 40 percent of the workers mobilized for military construction work in Macedonia have deserted. Workers sometimes exhibit overt resistance. Workers and peasants ceased working on a military combine at Zenica.

Yugoslav railroad workers have adopted slogans such as "build less locomotives and railroad cars," and "retard railroad traffic." During the past months, railroad workers have sabotaged several shipments of US military supplies. At Dobo, patriots set fire to a shipment of petroleum products and other supplies of military importance designated for the army. Anti-fascists at Belgrade also set fire to the Napred war plant and blew up another military factory.
